Treasurer's Report - ending balance on March 31 \$59,581.74

Jesse,

- The tree service complete the removal of the dead tree near the mower building.
- Road repair estimate was \$88,000.00 - there are no used millings available so new material is required. We will not be contracting the repairs at this time.
- The FL Greenways contacted us in regards to them receiving complaints of aircraft flying over the dump. The field rules have been amended on flying over the dump and/or any flying beyond field boundaries. A verbal warning is issued for the first violation. 30 day suspension of flying privileges for 2nd violation.

Paul,

AMA is providing CDs with altitude waivers for sanctioned events based on the UAS Facilities Map.

Pete,

Pattern event has a Club Class for new contestants - see NSRC.com
