

**Ocala Flying Model Club**  
1020 SE 110th Street  
Ocala FL 34481

Sanctioned Club #2465

General Meeting at OFMC  
Dom, Paul, Jesse, Pete, Nick

Nov 11, 2023 10:00 am

Jesse,

- Thank you to all of our Veterans in attendance at today's meeting
- IMAC event on Oct 14 and 15 received numerous complaints from the dump staff (planes flying overhead). I (Jesse) witnessed an aircraft over the far side of the dump while speaking with them on Sat. so the matter was discussed IMAC CD. *Note: The overall comments from members at the meeting is it's a common complaint with IMAC events and a risk to the club.*
- Oct 28, lady behind the heli-field called to complain that aircraft were flying over her house. I (Jesse) put her on speaker phone and she made it clear to the pilots that she wasn't having any of it.
- Nick, Dom, Jesse, and Mike H. (mowing coordinator 2024) attended the FL Greenways Volunteer Appreciation luncheon. The Greenways staff has an overall positive attitude towards the club.

Nick

Treasurer's Report - ending balance on Nov 10, \$51,002.51

Paul

- FAA rules apply to us as recreational pilots so we cannot, under any circumstances, fly over people or moving vehicles. We must fly strictly over our boundaries because beyond our field there is no way for us to prevent anyone from walking or driving under aircraft overhead. Having a FRIA vs Remote ID module doesn't change that regulation.
- We should be aware that the FAA instructs all Law Enforcement to contact them at the FAA Regional Operations Center when they are called to any incident (both recreational and commercial).

Gary D - 2024 Swap Meet and Fun Fly is Feb 17.

Nominations to the 2024 Board of Directors

President - Jesse Hinds  
Vice President - Dom - DiDominico  
Treasurer - Nick Capone  
Secretary - Rick Waters  
Safety Marshal - Ralph Rowe
