

**Ocala Flying Model Club**  
1020 SE 110th Street  
Ocala FL 34481

Sanctioned Club #2465

General Meeting at OFMC  
Dom, Paul, Jesse, Pete

July 8, 2023 10:00 am

Nick - Treasurer's Report - ending balance on June 30, \$52,508.61

Jesse,

- A visitor to the field was asked not to drive on the grass. They complained to the AMA. Our District 5 representative (Andrew Griffith) said it's not an AMA issue. Pilots, please let your guests know that we ask everyone to stay on the driveway (drive slowly).

Mark H. AMA / FAA updates

- The Sept. 16 FRIA deadline appears to be on track. The 2023 Reauthorization act has passed both the House and Senate and should be voted on later this year. The AMA has initiated some amendments that will benefit our flying club. [The AMA is asking us to complete their form \(link on the OFMC homepage\) and let Congress know how many RC pilots are in favor of the proposed amendments. Ask everyone you fly with to fill out the form online.](#)

Paul

- The AMA has verified our FRIA application for the main field and has forwarded it to the FAA for final approval. Once approved, we will be excluded from needing remote ID beacons on our aircraft when flying at OFMC. Note: Our secondary field application (Heli-Field) has been submitted to the AMA.

Members

- Thanks for fixing the road! *We hope to do another 3 truckloads to enhance the road early next year.*
- Thanks for moving the meetings to the 2nd Saturday of each month.
