Ocala FL 34481

Sanctioned Club #2465

BOD July Meeting at OFMC  
Jesse, Dom, Paul, Nick

July 5, 2023 5:00 pm

Jesse,

- A visitor (non-member) to the field was asked not to drive on the grass. They complained to the AMA which understood the complaint means nothing since it doesn't involve flying model aircraft.

Dom

- Need a new roadside sign for the marquee
- Will get with Jesse and update the member's plaque in the main pavilion

Nick

The defibrillator battery is at 50% so we will not replace it at this time (\$500+)

Paul

- The AMA contacted me to let us know that the FRIA application for the main field is complete and has been forwarded to the FAA. The secondary (Heli Field) application has been submitted for AMA verification.
